

January 2022 - Release

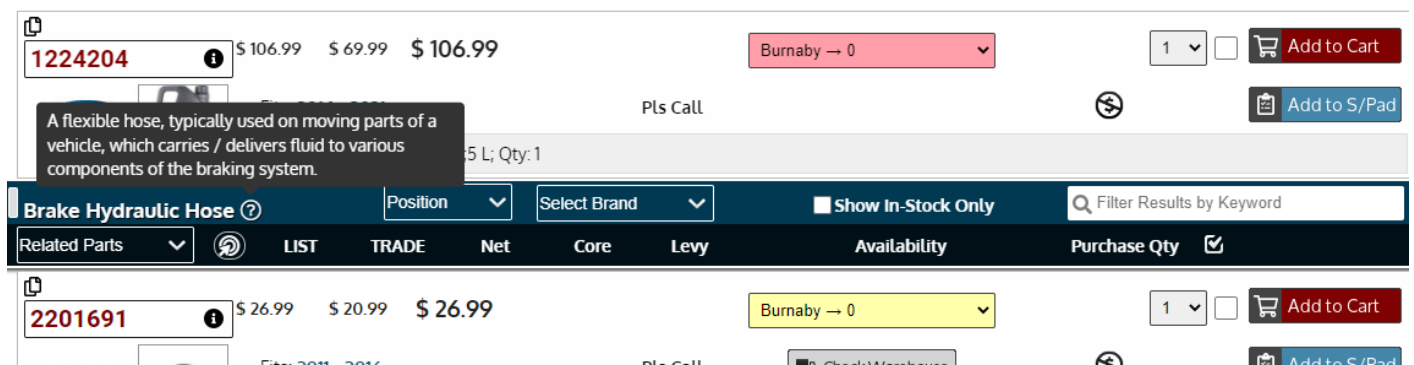

20220107

These updates are currently scheduled to be released on January 7th, 2022

Enhancements

Expanded product descriptions

Product headings now have a new 'help' icon which, when hovered over, will display extended product information for that product type

Product Aliases

We have added in a large number of product name 'Aliases' to help in the searching for product within autocat. These are common name aliases for the product classifications used within the non-application catalogue. Some examples are:

- Outdoor Chair - Can now be found via 'Camping Chair' or 'Folding Chair'
- Disposable / Nitrile Gloves - Can be found via 'Surgical Gloves'
- Stabilizer bar - Can be found via 'Sway Bar'
- Park Assist Camera - Can be found via 'Back up Camera'
- Cable Tie - Can be found via 'Tie Strap', 'Tie Wrap', 'Zip Tie'
- Wheel - Can be found via 'Rim'

These aliases will be considered when looking product up in the non-application catalogue:

surgical

✓

50435L ⓘ
Hand Tools
Disposable / Nitrile Gloves

Product Description: Reflective work gloves - L

504353TXL ⓘ
Hand Tools
Disposable / Nitrile Gloves

Product Description: Reflective work gloves - XL - 3M THINSULATED

<input type="checkbox"/> Back Up Light Switch	<input type="checkbox"/> Park Assist Camera		

With these new aliases, we hope that users are able to find their desired products easier by using more common terms to describe them.

Bug Fixes

Warehouse Onhand

We fixed a bug wherein the warehouse availability was not showing for non-stocking, warehouse only, items.

Vehicle Subgroups in Application Listings

A number of vehicle listings were showing an incomplete list of submodels which the part would fit. A number of these instances have been handled and are being addressed ongoing.

Warehouse Pricing Display

For autoecat counter users, the pricing returned by the warehouse lookup was not properly resolving to 2 decimal places for parts with a price ending in zero. This has been fixed.

Item Status	Price	On Hand	Notes
Out Of Stock	93.73	0	Not In Stock At Warehouse
Available	64.70	16	

Customer Pricing in Warehouse Lookup

Bug had been reported that the decimal places were off in the warehouse lookup launched from the part search screen. Customer price was showing with the decimal place moved to the left one number. This has been resolved.

Warehouse Inventory Status

Bosch0445010810\$1820.99 COMMON RAIL PUMP

Revision #5
